

F.J. Davey Home Family Council
Zoom Planning Meeting – October 6, 2021 Summary

Attendees:

Gail Jones, Brandon Servant, Lina Magli, Debbie Dunsheath, Frances Ryan and others

Discussion

Meeting Notes From Telephone Meeting of C. Lee, D. Ayotte, F.Ryan– Oct. 6, 2021

- Could we present our interests briefly to the FJD Board? Connie will add us to the Nov.29 agenda
- Relocate Bulletin Board to more visible space? Council asked if the Celebration Room Bulletin Board could be moved to a more visible place. With the facility undergoing some changes, so this is not possible at this time. Will consider once changes have been completed
- Name tags are not being worn – A memo went out to staff this morning from Connie agreeing that name tags are important hence the memo...
- Seek further broadcast of meetings to involve more families and friends – bulletin board, include in monthly Residents' magazine, include with statements to residents and/or poa This will be coordinated with the Activities Director and delivered to Sue Burns no later than Oct. 27

Suggestions From General Family Council Planning Meeting

- What are our resources – financially? Approximately \$1,000. Upcoming costs are unknown/to be determined but include resident's cards and contributions to Christmas gifts for residents. Anyone with surplus Christmas cards is welcome to drop them
- off at the desk in the lobby or with Danielle Ayotte. The residents greatly appreciate the cards
- A suggestion was made that we meet where we can have coffee? Discussion regarding meeting through Zoom led to questions of expenses being considered. The planning committee will support the Zoom costs in the short term
- Generate interest and more participants – may we put notices in with POA mailouts? We will have a page added to the monthly Residents' Newsletter, as it was recognized by all that everyone reads their resident's copy
- It was agreed Family Council will continue with its tradition of purchasing some gifts for Home's Tree that provides a gift to less fortunate residents

- Birch Lane is closed, only essential workers are allowed entry. That location has since been re-opened
- Next “Planning Committee” meeting Oct. 20 @ 6:00pm
